Chapter 1 Theoretical Analysis of Foreign Direct Investment (FDI)	1
1. Theoretical Analysis of FDI by Large Multinational Enterprises	1
2. Theoretical Analysis of FDI by Small- and Medium-Sized Enterprises in Taiwan	7
Chapter 2 FDI Development in Mainland China and Taiwan	11
1. Status Quo in Mainland China	11
2. Status Quo in Taiwan	32
Chapter 3 Investment Environment Index	53
1. R&D and Innovative Mechanisms	55
2. Human Resources and Human Literacy	57
3. Information Technology	59
4. Social Infrastructure	60
5. Relevant Indices for the Introduction of a Foreign Knowledge-Based Economy	61
Chapter 4 Analysis of Information Technology and Electronics Industry Market in Mainland China	73
1. Current Status of Electronics Information Industries in Mainland China	73
2. Economics of Electronics Information Industry's Operations	84
3. Analysis of Mainland China's IC Industry Development	88
4. Analysis of Mainland China's Automotive Electronics Market	93

5. Analysis of Mainland China's Consumer Electronics Market	108
6. Analysis of Mainland China's Mobile Storage Industry	112
7. Analysis of Mainland China's IC Design Industry	116
8. Analysis of Mainland China's IT Industry	123
9. Analysis of Mainland China's Electronic Components Distributors	131
Chapter 5 Analysis of the Information Technology and Electronics Industry Market in Taiwan	143
1. Current Status of Information Technology and Electronics Industries in Taiwan	143
2. Development Background of Industries	143
3. Industrial Structure and Characteristics	160
4. Business Opportunities	163
Chapter 6 The Business and Investment Environment of the Information Technology and Electronics Industries in Mainland China	177
1. Index of the Economic Environment	180
2. Analysis of Systematic Factors in the Investment Environment	196
3. Economic Policies and Laws	202
4. Infrastructure and Natural Factors in the Investment Environment	206
5. Comparison of Regions within Mainland China	215
6. Changes in the Investment Environment in Mainland China After its Entry into WTO	226
Chapter 7 The Business and Investment Environment of the Information Technology and Electronics Industries in Taiwan	247
1. Evaluation of Taiwan's Business Environment	247
2. Competitive Strengths and Weaknesses in Taiwan's Information Technology and Electronics Industries	249

3. Development Strategy of Taiwanese High-Tech Industries	250
4. Taiwan's Development Strategy to Become a Knowledge-Based Economy	253
Chapter 8 Analysis of Each Index	255
1. Knowledge Capital	255
2. Innovative Capability	264
3. Application of Information Technology	277
4. Social Infrastructure	280
