

**Michael Lovell** has taught micro economics, macro economics, public finance and econometrics at Yale, Carnegie-Mellon University and Wesleyan University. He has most enjoyed teaching his one semester calculus-based introductory economics course at Wesleyan. He has pursued a wide range of research interests and served on the editorial boards of *Econometrica*, *The Review of Economics and Statistics*, *The Review of Economic Studies*, *The Journal of Economic Behavior and Organization*, *The Journal of the American Statistical Association* and *The Social Science Computer Review*. He is a Fellow of the Econometric Society and a former president of the International Society for Inventory Research.

Additional information about this textbook, Lovell's calculus based economics course and his research interests is available on his web page at <http://mlovell.web.wesleyan.edu/>.
