|--|------|
| Acknowledgments.....                                   | xiii |
| Preface .....  | xvii |
| 1 Prologue .....                                       | 1    |
| About the Title of the Book.....                       | 1    |
| Risks of Writing this Book.....                        | 3    |
| The Title Revisited .....                              | 6    |
| What Has Gravity Got To Do with This Book?.....        | 7    |
| One-Handed Scientist.....                              | 9    |
| Information Cornucopia .....                           | 12   |
| Will the Y Chromosome Decay and Take Men with It?..... | 13   |
| A Goal of This Book .....                              | 15   |
| Inside This Book .....                                 | 15   |
| Best Use of This Book.....                             | 19   |
| 2 A Primer on Genetics .....                           | 21   |
| Living Things .....                                    | 21   |
| Tinkering Using Technology.....                        | 24   |
| Survival of the Fittest .....                          | 27   |
| How Genetics Changed the Course of History .....       | 29   |
| Timeline of Genetics .....                             | 30   |
| 3 Sex – A Primal Instinct .....                        | 37   |
| The Primal Instinct for Sex .....                      | 37   |
| Emperor Penguins .....                                 | 37   |
| Salmons.....   | 39   |
| Pacific Grunions.....                                  | 39   |
| Other Aspects of Sex.....                              | 40   |
| Sex Reigns – Birds and Bees Do It, But Why? .....      | 41   |
| Models of Co-Evolution.....                            | 42   |
| The Deleterious Mutation Hypothesis.....               | 43   |
| The Red Queen Hypothesis.....                          | 44   |

|  |    |
|--|----|
| Computer Simulations.....                    | 46 |
| Supporting Evidence.....                     | 47 |
| Scandal without Sex.....                     | 48 |
| Selfish Genes.....                           | 49 |
| Selfishly Altruistic Kin Selection .....     | 50 |
| 4 Mating Dance.....                          | 53 |
| Basic Instinct.....                          | 53 |
| Scents of Love .....                         | 54 |
| Cupid's Chemicals .....                      | 55 |
| Mating Dance.....                            | 56 |
| Of Man and Ape .....                         | 57 |
| Sexual Matrimony and Polyamory .....         | 58 |
| And Less Love .....                          | 60 |
| Tug of War, <i>In Utero</i> .....            | 64 |
| Back into the Past and Future.....           | 65 |
| 5 Quest for Perfection .....                 | 67 |
| Beauty Lies in the Eyes of the Beholder..... | 67 |
| Ancient Definition of Perfection.....        | 68 |
| Search for the Perfect Face .....            | 69 |
| Search for Hour-Glass Figure .....           | 71 |
| The Myth of Beauty .....                     | 73 |
| The Cute Factor .....                        | 74 |
| No Choice for Baby .....                     | 77 |
| Selective Paternal Reproduction .....        | 79 |
| The Founding of Rome.....                    | 81 |
| Selective Maternal Reproduction.....         | 82 |
| Eugenics.....                                | 83 |
| First Stage .....                            | 84 |
| Second Stage.....                            | 85 |
| Third Stage.....                             | 88 |
| Fourth Stage.....                            | 89 |
| 6 Invisible Hand in the Human Body Shop..... | 91 |
| The Human Life Cycle.....                    | 91 |
| The Reproductive Cycle .....                 | 92 |
| Sex Hormones.....                            | 94 |
| Inside the Womb .....                        | 95 |

|  |     |
|--|-----|
| Birth Defects.....                                       | 98  |
| The Invisible Hand in Human Body Commerce .....          | 102 |
| From Alchemy to Algeny.....                              | 103 |
| <i>In Vitro</i> Fertilization.....                       | 105 |
| IVF the Aussie Style .....                               | 108 |
| The Business of <i>In Vitro</i> Fertilization.....       | 110 |
| IVF Children .....                                       | 111 |
| Donor Insemination.....                                  | 112 |
| DI Half-Siblings.....                                    | 114 |
| Hello Dolly, Good-Bye Dolly .....                        | 115 |
| <br>   |     |
| 7 Clonology .....  | 119 |
| Parthenogenesis – Virgin Birth .....                     | 119 |
| Cloning.....   | 120 |
| Clonology.....   | 121 |
| Cloning Hollywood Style.....                             | 129 |
| The Celebrated Dolly, But Second to Computer Chips ..... | 130 |
| Clones of Clones of a Clone.....                         | 134 |
| Jerky Bulls and Yang Cows .....                          | 136 |
| Second Chance – Clone of the Oldest Bull .....           | 137 |
| Artificial Monkey Twins.....                             | 138 |
| Clone of a Clone – More Bulls.....                       | 140 |
| Cloned Piglets.....                                      | 141 |
| Reversing Aging.....                                     | 142 |
| Other Notable Cloning Efforts .....                      | 143 |
| Jurassic Amusement Park?.....                            | 144 |
| More Calves and Piglets.....                             | 146 |
| More Endangered Species Cloned .....                     | 148 |
| Multi-Legged Bio-X.....                                  | 149 |
| Multi-Legged Bio-Reactors .....                          | 149 |
| Multi-Legged Bio-Facturers.....                          | 152 |
| Nature Versus Nano.....                                  | 154 |
| Multi-Legged Bio-Models .....                            | 155 |
| Multi-Legged Bio-Factories.....                          | 156 |
| <br>   |     |
| 8 Petory and Biofactory.....                             | 159 |
| PerPETually Yours.....                                   | 159 |
| K-9 Cloning.....   | 160 |
| Snuppy .....   | 162 |

|   |     |
