<i>Preface</i>	<i>xix</i>
<i>Introduction</i>	<i>xxiii</i>

<b>1</b>	<b>The History of Intercollegiate Athletics and the NCAA</b>	<b>1</b>
1.1	Introduction	1
1.2	A Brief History of Higher Education	1
1.3	The Beginnings of College Athletics	4
1.4	A Crisis in Football	15
1.5	The Early Years of the NCAA	21
1.5.1	Amateurism	24
1.5.2	Academic standards	26
1.5.3	Rising costs of facilities	26
1.5.4	Status of coaches	27
1.5.5	Safety of football	27
1.5.6	Scheduling games	28
1.5.7	Professional sports	29
1.5.8	Media	30
1.6	College Sports in the Modern Era	31
1.6.1	Amateurism: payments and scholarships	31
1.6.2	Eligibility	35
1.6.3	Divisions	37
1.6.4	Conferences	40
1.6.5	NCAA governance	46
1.6.6	Other amateur sports organizations	48
1.6.7	Radio and television coverage	51
1.6.8	Post-season bowls and tournaments	56
1.6.9	NCAA finances	61
1.7	Chapter Summary	63
1.8	Key Terms	64
1.9	Review Questions	65
1.10	Discussion Questions	65

- 1.11 Assignments/Internet Questions 66
- 1.12 References 67
  
- 2 Cartels in College Sports 69**
  - 2.1 Introduction 69
  - 2.2 Collusion and Cartels 70
  - 2.3 The Three Challenges 71
    - 2.3.1 Agreement 72
    - 2.3.2 Cheating 74
    - 2.3.3 Entry 77
  - 2.4 The Keys to Success 78
  - 2.5 The Market for College Sports 81
  - 2.6 How Schools Benefit from Sports 84
  - 2.7 Evidence of Cartels 86
    - 2.7.1 High profits? 86
    - 2.7.2 Low input prices? 87
    - 2.7.3 High output prices? 90
  - 2.8 Cartel Agreements in College Sports 92
  - 2.9 Cheating in College Sports 104
  - 2.10 Entry in College Sports 115
  - 2.11 Chapter Summary 119
  - 2.12 Key Terms 120
  - 2.13 Review Questions 121
  - 2.14 Discussion Questions 121
  - 2.15 Internet Assignments 122
  - 2.16 References 122
  
- 3 The Labor Market for College Athletes 125**
  - 3.1 Introduction 125
  - 3.2 Labor Markets 127
    - 3.2.1 A competitive labor market 130
    - 3.2.2 A labor market with one seller 136
    - 3.2.3 A labor market with one buyer 139
    - 3.2.4 A labor market with one buyer and one seller 141

3.3	Paying College Athletes	145
3.4	Early Entry	151
3.5	Should Student-Athletes be Paid?	156
3.6	Common NCAA Violations	159
3.7	Chapter Summary	163
3.8	Key Terms	164
3.9	Review Questions	164
3.10	Applied & Discussion Questions	165
3.11	Assignments/Internet Questions	166
3.12	References	167
3.1A	The Mathematics of the Labor Market	168
3.2A	The Early Entry Decision	170
3.3A	Early Entry as a Human Capital Investment Decision	172
<b>4</b>	<b>Athletics and Academics</b>	<b>177</b>
4.1	Introduction	177
4.2	How Committed is the NCAA to Academics?	179
4.3	Admissions	180
4.4	Maintaining Eligibility	191
4.5	Transfers	194
4.6	Graduation Rates	195
4.7	Degrees Earned	207
4.8	Chapter Summary	209
4.9	Key Terms	210
4.10	Review Questions	210
4.11	Discussion Questions	210
4.12	Internet Questions	211
4.13	References	212
<b>5</b>	<b>The Labor Market for College Coaches</b>	<b>215</b>
5.1	Introduction	216
5.2	Trends in Compensation	216
5.3	Is a Coach a CEO?	223
5.4	What Determines a Coach's Salary?	226

5.5	Is the Labor Market for Coaches Competitive?	232
5.6	Winner-Take-All Labor Markets (The Economics of Superstars)	234
5.7	Risk Aversion	237
5.8	The Winner's Curse	240
5.9	Ratcheting	241
5.10	Old Boy Networks	243
5.11	Chapter Summary	245
5.12	Key Terms	247
5.13	Review Questions	247
5.14	Discussion Questions	248
5.15	Internet	249
5.16	References	249
<b>6</b>	<b>The Athletic Department and the University</b>	<b>253</b>
6.1	Introduction	253
6.2	Growth of the Athletic Department	255
6.3	The Athletic Department Budget — Revenues	258
6.3.1	Ticket sales	261
6.3.2	Appearance guarantees	266
6.3.3	Donations	267
6.3.4	Corporate sponsorships	275
6.3.5	Naming rights	279
6.4	The Athletic Department Budget — Expenditures	280
6.4.1	Salaries and benefits	282
6.4.2	Athletics scholarships	283
6.4.3	Recruiting	286
6.5	Are Athletic Departments Profitable?	288
6.6	Causes of Athletic Department Losses	293
6.6.1	Moving up to the big time	293
6.6.2	Cross subsidization within the athletic department	295
6.6.3	The arms race	298
6.7	Why Stay in the Game?	303
6.8	Can Athletics Be a Good Investment?	306

6.9	Beer & Circus	308
6.9.1	Beer & Circus — Does athletic success increase enrollment?	310
6.9.2	Beer & Circus — Does athletic success increase donations?	313
6.9.3	Beer & Circus — How does an emphasis on athletics compromise the quality of education?	314
6.10	Chapter Summary	318
6.11	Key Terms	318
6.12	Review Questions	319
6.13	Discussion Questions	320
6.14	Assignments/Internet Questions	321
6.15	References	322
<b>7</b>	<b>The Media and Intercollegiate Sports</b>	<b>329</b>
7.1	Introduction	329
7.2	Recent Expansion of Sports Media	330
7.3	The NCAA and Media Providers: Symbiotic Relationship or Mutual Addiction?	336
7.3.1	Why does the media need intercollegiate sports?	336
7.3.2	A simple model for TV and other broadcasting contracts	337
7.3.3	The impact of time on the contract value	339
7.4	Media Provider's Dilemma	341
7.5	Why Do Colleges Need the Media?	344
7.6	Bowl Game Revenue	345
7.7	Other Benefits from Media Exposure	348
7.8	Media-driven (or at least supported) Changes in College Sports	349
7.8.1	Scheduling	350
7.8.2	Creation and expansion of the BCS	351
7.8.3	Bowl proliferation	354
7.8.4	Rule changes	356

7.8.5	Instant replay	357
7.8.6	Expansion of March Madness	361
7.8.7	Media timeouts	364
7.9	Media-prevented (or at least discouraged) Changes in College Sports	365
7.10	Wider Impacts of Media Coverage of College Sports	371
7.10.1	Lost productivity (March Madness)	371
7.10.2	Loss of amateurism and educational focus	374
7.10.3	Alcohol advertising and campus drinking	375
7.11	Chapter Summary	377
7.12	Key Terms	377
7.13	Review Questions	378
7.14	Discussion Questions	378
7.15	Internet Assignment	380
7.16	References	380
<b>8</b>	<b>Race and Gender Issues in Intercollegiate Sports</b>	<b>385</b>
8.1	Introduction	385
8.2	Does Discrimination Exist in College Sports?	386
8.2.1	Wage and occupational discrimination	386
8.2.2	Other forms of discrimination	391
8.3	The Economic Explanation for Discrimination	395
8.4	Discrimination Remedies and Long Term Prospects	400
8.5	What is Title IX?	401
8.6	How is Compliance Assessed?	403
8.7	What Does Title IX <i>Not</i> Require?	403
8.8	History and Rationale	405
8.9	The NCAA's "Relationship" with Title IX	409
8.10	What Has Title IX Achieved?	413
8.11	Criticisms of Title IX	415
8.12	Proposed Reforms to Title IX	419
8.13	An Economic Analysis of Title IX	422
8.14	Reductions in Men's Programs — How to Decide What to Cut	427
8.15	What About Donations?	429

8.16	Chapter Summary	429
8.17	Key Terms	430
8.18	Review Questions	430
8.19	Discussion Questions	431
8.20	Assignments/Internet Questions	433
8.1A	Indifference Curve Analysis	433
	Finding the optimal mix — indifference curves and budget lines combined	438
	Limitations to the above analysis	441
8.21	References	443
<b>9</b>	<b>Reforming College Sports</b>	<b>445</b>
9.1	Introduction	445
9.2	Sources of Reform Initiatives	446
9.3	Reform Options	447
9.4	Student–Athlete Compensation Reforms	448
	9.4.1 Pay the players	448
	9.4.2 Allow student-athletes to transfer without losing eligibility	453
	9.4.3 Create minor league affiliates of the NBA and NFL	454
9.5	Financial Structure Reforms	459
	9.5.1 Standardize the financial disclosure process among all athletic departments	459
	9.5.2 Reduce football scholarships	459
	9.5.3 Restrict sources of outside income for coaches	460
	9.5.4 Reorganize the athletics department	461
	9.5.5 Remove the NCAA’s nonprofit status and eliminate tax deductions on contributions to college sports	463
9.6	Academic Reforms	466
	9.6.1 Increase enforcement by the NCAA	466
	9.6.2 Make academic eligibility requirements tougher and/or increase academic accountability	467

9.6.3	Reinstate four-year scholarships	467
9.6.4	Make freshmen ineligible to play	468
9.6.5	Strengthen institutional incentives to increase graduation rates	468
9.6.6	Reduce the length of the season and hours of practice	479
9.6.7	Reduce the number of games played on weekdays	480
9.6.8	Encourage members of the coaching staff to earn advanced degrees	481
9.6.9	Abolish all athletics scholarships	482
9.6.10	Eliminate intercollegiate sports	484
9.7	Exempt the NCAA from Antitrust Prosecution	485
9.8	How Likely is Reform?	487
9.9	Chapter and Book Summary	493
9.10	Key Terms	494
9.11	Review Questions	495
9.12	Discussion Questions	495
9.13	Internet Questions	497
9.14	References	497
	<i>Selected Bibliography</i>	501
	<i>Subject Index</i>	505
	<i>Name Index</i>	531

# List of Tables and Figures

## List of Tables

1.1 Charter members of the IAAUS	22
2.1 Television broadcast contracts before and after the 1984 court decision	91
2.2 Revenue and conference distributions for BCS bowl games	100
2.3 2005–2006 revenue and expenses for all bowl games by conference	101
2.4 Bowl appearances and payouts for Pac-10 teams in 2006–2007	102
2.5 Sanctions against DI-A football programs, 1987–2006	109
3.1 Change in equilibrium from shifts in supply and/or demand	134
3.2 Effect of labor market structure on consumers and producers	138
3.3 Revenue and costs for a monopsonist employer	139
3.4 Program revenue and expenses by sport in Division I-A in 2003	149
4.1 NCAA freshman-eligibility standards for 2006–2007	181
4.2 Six-year graduation rates for 2004 Men’s and Women’s NCAA Basketball Tournament teams, 4-class freshman cohort	197
4.3 Freshmen-cohort graduation rates at Division I institutions	199
4.4 Graduation rates at the University of Connecticut	201
5.1 Annual compensation for football coaches at DI institutions in 2006	217

5.2	Annual compensation for basketball coaches at DI institutions in 2006	218
5.3	Average salaries for head coaches by sport at selected DI institutions in 2003	221
5.4	Average salaries for assistant coaches by sport at selected DI institutions in 2003	222
5.5	Salaries for top 10 employees at the University of Arkansas, 2005–2006	223
6.1	Revenue sources for DI-A institutions in 2003	259
6.2	Revenues for the University of Oregon, 2004–2005	260
6.3	Personal seat licenses	262
6.4	Appearance revenues for 2004–2005	267
6.5	Market value of university-endowed assets in 2005	268
6.6	Athletic department endowments for 2002–2003	274
6.7	Athletic department operating expenses at DI-A institutions for 2003	281
6.8	Athletic department operating expenses at the University of Oregon for 2004–2005	281
6.9	Largest and smallest DI-A athletic department budgets for 2004–2005	282
6.10	Net revenues for 20 DI institutions for 2004–2005, from highest to lowest	289
6.11	Reported revenue, expenses, profits, and deficits for division I-A	290
6.12	Portland State University budget	294
7.1	Hypothetical expected revenues and costs from broadcasting the Humungous Corporation Bowl	340
7.2	BCS bowl all-time TV ratings (1998–Present)	369
8.1	Grades for the NCAA from <i>The 2004 racial and gender report card</i>	389
9.1	Division I teams failing to meet APR requirements in 2005–2006	472
9.2	Graduation rates for entering classes of 1995–1998 by sport at DI institutions	476
9.3	Graduation rates for entering classes of 1995–1998 for men’s basketball and football at selected DI institutions	477

## List of Figures

1.1 NCAA organizational chart	46
1.2 NCAA revenue and expenses/distributions, 2005–2006	61
2.1 Collusion with cost differences	72
2.2 The payoff matrix for a Prisoners' Dilemma game	75
2.3 Costs and benefits from policing	114
3.1 A competitive labor market for college athletes	127
3.2 Labor demand and supply curves	131
3.3 Equilibrium in a competitive labor market and MCL for an individual employer	133
3.4 Consumer and producer surplus in a competitive labor market	135
3.5 Monopoly labor market	137
3.6 Monopsony labor market	140
3.7 A bilateral monopoly labor market for college athletes	142
3.8 Bilateral monopoly labor market	143
3.9 A monopsony labor market for college athletes	144
3.1 Appendix: Costs and benefits of education	171
5.1 Prize money shares by tournament rank, 2004 PGA Championship	237
6.1 Third degree price discrimination	263
6.2 Increase in total profit with marginal cost pricing	264
6.3 PSLs for fans with different demand schedules	265
6.4 Average and marginal cost curves	285
7.1 The payoff matrix for a bowl scheduling game	342
8.1 Efficiency argument against Title IX	425
8.2 Efficiency argument for Title IX	426
8.1 Appendix: Egalitarian University's budget constraint	434
8.2 Appendix: A hypothetical indifference curve for Egalitarian University	437
8.3 Appendix: Efficient, inefficient, and unattainable allocation decisions	438
8.4 Appendix: Proportional allocations that are not efficient	439
8.5 Appendix: Expanding the budget to achieve Title IX compliance	440
9.1 The two dimensions of reform	488
