Foreword <i>by Norman E. Borlaug</i>	vii
Preface	ix
About the Author	xiii
Chapter 1. Exploiting Developments in Science for New Bioscience Enterprises	1
Chapter 2. Hybrid Plant and Seed Varieties	37
Chapter 3. Tissue Culture as a Bioscience Enterprise	61
Chapter 4. Biofermentation, Biofertilizers and Biopesticides	103
Chapter 5. Mushroom Culture as a Bioscience Enterprise	145
Chapter 6. Biofuels	173
Chapter 7. Bioremediation	201
Chapter 8. Biodetection — Diagnosing Plant Diseases and Detecting Genetically Modified Food	225

Chapter 9.	Biotechnology Crops (Genetically Modified Plants)	265
Chapter 10.	Growing the Opportunities for Bioscience Entrepreneurship in Asia	303
Index		331
