Fifty years of survey evidence on CI activity in corporations.....	26
The research framework - a decade of empirical work .....	29
Intuitive CI management and professional CI management .....	30
Improving the management of CI .....	31
<b>CHAPTER 2.....</b>	<b>35</b>
<b>THE NEED FOR BETTER COMPETITIVE INTELLIGENCE TO COMPETE IN THE FUTURE.....</b>	<b>35</b>
Summary of main points .....	35
The present level of competition is extremely high .....	36
Changes between 1996 and 2006 in the level of competition in the market.....	38
The level of competition expected in the future is increasing.....	39
Changes between 1996 and 2006 in the expected level of competition .....	41
The main driving needs for better CI .....	41
Specific information needs by industry, by affiliation and by size .....	43
The need to track existing competitors.....	43
The need to track new and potential competitors.....	45
The need to track regulatory change.....	46
The need to track socio-demographic change .....	48
The need to track threats and opportunities abroad.....	49
The need to track new products and services.....	50
The need to track specific new technology.....	52
The need to track generic new technology.....	53
The profile of CI needs by industry.....	54
The effect of rate of growth on CI needs .....	57
The effect of competitive velocity on CI needs.....	58
The effect of the length of competitive cycle on CI needs.....	59
The implications for senior managers.....	60
<b>CHAPTER 3.....</b>	<b>63</b>
<b>CORPORATE CAPABILITY TO DELIVER CI TO DECISION MAKERS.....</b>	<b>63</b>
Summary of main points .....	63
CI capability and competitiveness .....	63

## Staying *ahead* of the competition

Capability to compete .....	65
Capability to track own competitive position.....	66
Capability to track competitors .....	68
CI preparedness - capability in meeting common CI challenges .....	70
Industry profile of CI capability in dealing with common challenges .....	72
CI needs relative to capability.....	73
The implications for senior managers.....	77
<b>CHAPTER 4.....</b>	<b>79</b>
<b>HOW CORPORATIONS MANAGE THEIR COMPETITIVE INTELLIGENCE</b>	
<b>FUNCTION.....</b>	<b>79</b>
Summary of main points .....	79
An overview of how firms manage their CI function .....	80
Processes and techniques used for CI.....	81
Sources of information for CI.....	86
Resources for CI: Cost of CI systems .....	91
Resources for CI: Staffing .....	94
Who is responsible for CI? .....	96
Who <i>should</i> be responsible? .....	100
Plans for improvement.....	102
Priority areas for improvement of CI capability.....	103
Profile of plans for capability improvement by industry .....	104
The implications for senior managers.....	106
<b>CHAPTER 5.....</b>	<b>109</b>
<b>BENCHMARK COMPARISONS IN CI PRACTICE.....</b>	<b>109</b>
Summary of main points .....	109
Why benchmark CI needs and capability? .....	109
The Competitive Intelligence Diagnostic Database .....	110
Using the CIS and CID for benchmark comparisons.....	112
Benchmark comparison of level of competition now .....	112
Benchmark comparison of expected competition level .....	114
Benchmarking CI needs .....	114
Benchmarking competitive position and competitor CI capability .....	115
Benchmarking preparedness to address common CI challenges.....	117
Benchmarking CI management system quality .....	120
Benchmarking how frequently firms update their CI.....	121
Benchmarking understanding of key issues.....	122
Benchmarking the quality of your competitive decision knowledge .....	123
The implications for senior managers.....	125
<b>CHAPTER 6.....</b>	<b>127</b>
<b>WHY DON'T CORPORATIONS MAKE BETTER USE OF CI? .....</b>	<b>127</b>
Summary of main points .....	127
The intelligent puzzle .....	127
Why has the pattern of the intelligent puzzle changed little since 1996?.....	130
Why don't managers make better use of CI? .....	130
CI capability and the effect of ignorance, trust and dissonance .....	132
The role of ignorance in inhibiting CI effectiveness.....	132
The role of trust in inhibiting CI effectiveness.....	133
The role of competitive dissonance in inhibiting CI effectiveness .....	134
The overall effect of the intelligent puzzle on CI capability.....	135
What can be done to encourage more effective use of CI ? .....	137

## Staying *ahead* of the competition

Addressing ignorance .....	140
Addressing lack of trust .....	140
Addressing competitive dissonance .....	141
The implications for senior managers.....	142
<b>CHAPTER 7.....</b>	<b>143</b>
<b>THE SURVEY AND THE SAMPLE PROFILE.....</b>	<b>143</b>
The survey method .....	143
The sample sizes and response rates.....	143
The profile by industry .....	144
The profile by affiliation.....	144
The profile by size.....	145
The profile by management type .....	145
