

## Contents

Foreword	v
Satyendra Nath Bose — His Life and Times <i>K. C. Wali</i>	xv

### I. Selected Scientific Papers

#### A. Early Papers — Classical Physics

On the Influence of the Finite Volume of Molecules on the Equation of State [ <i>Phil. Mag.</i> Ser. 6, <b>36</b> , pp. 199–203 (1918)] <i>M. N. Saha and S. N. Basu</i>	4
On the Herpolhode [ <i>Bull. Cal. Math. Soc.</i> <b>11</b> , pp. 21–22 (1919)] <i>S. Basu</i>	7
On The Equation of State [ <i>Phil. Mag.</i> Ser. 6, <b>39</b> , p. 456 (1920)] <i>M. N. Saha and S. N. Basu</i>	9

#### B. Quantum Mechanics and Quantum Statistics

On the Deduction of Rydberg's Law from the Quantum Theory of Spectral Emission [ <i>Phil. Mag.</i> <b>40</b> , pp. 619–627 (1920)] <i>S. N. Basu</i>	12
Plancks Gesetz und Lichtquantenhypothese [ <i>Z. Physik</i> <b>26</b> , pp. 168–171 (1924)] <i>Bose</i>	21
Planck's Law and the Light-Quantum Hypothesis [English translation of <i>Z. Physik</i> <b>26</b> , pp. 168–171 (1924)] <i>Bose</i>	26
Wärmegleichgewicht im Strahlungsfeld bei Anwesenheit von Materie [ <i>Z. Physik</i> <b>27</b> , pp. 384–393 (1924)] <i>S. N. Bose</i>	30
Thermal Equilibrium in the Radiation Field in the Presence of Matter [English translation of <i>Z. Physik</i> <b>27</b> , pp. 384–393 (1924)] <i>S. N. Bose</i>	40

A Note on Dirac Equation and the Zeeman Effect [ <i>Ind. J. Phys.</i> <b>17</b> , pp. 301–308 (1943)] <i>S. N. Bose and K. Basu</i>	49
 <b>C. The Ionosphere — Mathematical Physics</b>	
Anomalous Dielectric Constant of Artificial Ionosphere [ <i>Sci. &amp; Cult.</i> <b>3</b> , pp. 335–337 (1937)] <i>S. N. Bose and S. R. Khastgir</i>	61
On the Total Reflection of Electromagnetic Waves in the Ionosphere [ <i>Ind. J. Phys.</i> <b>12</b> , pp. 121–144 (1938)] <i>S. N. Bose</i>	63
On the Complete Moment-Coefficients of the D <sup>2</sup> -Statistic [ <i>Sankhya — Ind. J. Stat.</i> <b>2</b> , pp. 385–396 (1936)] <i>S. N. Bose</i>	87
On the Moment-Coefficients of the D <sup>2</sup> -Statistic and Certain Integral and Differential Equations Connected with the Multivariate Normal Population [ <i>Sankhya — Ind. J. Stat.</i> <b>3</b> , pp. 105–124 (1937)] <i>S. N. Bose</i>	100
Studies in Lorentz Group [ <i>Bull. Cal. Math. Soc.</i> <b>31</b> , pp. 137–147 (1939)] <i>S. N. Bose</i>	122
The Complete Solution of the Equation: $\nabla^2\phi - \frac{\partial^2\phi}{c^2\partial t^2} - k^2\phi = -4\pi\rho(xyzt)$ [ <i>Proc. Nat. Inst. Sc. India</i> <b>7</b> , pp. 93–102 (1941)] <i>S. N. Bose and S. C. Kar</i>	133
On an Integral Equation Associated with the Equation for Hydrogen Atom [ <i>Bull. Cal. Math. Soc.</i> <b>37</b> , pp. 51–61 (1945)] <i>S. N. Bose</i>	143
 <b>D. Unified Field Theory</b>	
The Identities of Divergence in the New Unitary Theory [English translation of <i>Comptes rendus de L'Academie des Sciences</i> <b>236</b> , pp. 1333–1335 (1953)] <i>Note of S. N. Bose, presented by L. de Broglie</i>	158
A Unitary Field Theory with $\Gamma_\mu \neq 0$ [English translation of <i>Le Jour de Phys et le Radium</i> (Paris), <b>14</b> , pp. 641–644 (1953)] <i>S. N. Bose</i>	161
Certain Consequences of the Existence of the Tensor $g$ in the Affine Relativistic Field [English translation of <i>Le Jour de Phys et le Radium</i> (Paris), <b>14</b> , pp. 645–647 (1953)] <i>S. N. Bose</i>	169

The Affine Connection in Einstein's New Unitary Field Theory [ <i>Ann. Math. USA</i> <b>59</b> , pp. 171–176 (1954) (Princeton University, NJ)]	
<i>S. N. Bose</i>	175
Solution of a Tensor Equation Occurring in the Unitary Field Theory [English translation of <i>Bull. Soc. Math.</i> <b>83</b> , pp. 81–88 (1955)]	
<i>S. N. Bose</i>	182
<b>II. Satyendra Nath Bose</b>	
<b>A. Lectures and Addresses</b>	
Science in Education [ <i>Man and His Work, Part II</i> , pp. 127–133] <i>Proc. The Bengal Education Week, I</i> , pp. 56–64 (1936)	194
Visva-Bharati [ <i>Man and His Work, Part II</i> , pp. 141–144] <i>Convocation address delivered at Visva-Bharati on 15 January 1957</i>	201
Higher Education and Us [ <i>Man and His Work, Part II</i> , pp. 145–150] <i>Convocation address delivered at Calcutta University in 1962</i>	205
Man in the Scientific Age [ <i>Man and His Work, Part II</i> , pp. 157–161] <i>Address at a Symposium in Tokyo, Japan 1962</i>	211
The Mother Tongue [ <i>Man and His Work, Part II</i> , pp. 162–167] <i>Address delivered in Bengali at the "Angrezi Hatao Conference" [Banish English Conference] at Hyderabad in October 1962</i>	216
Education and Science [ <i>Man and His Work, Part II</i> , pp. 168–174] <i>Convocation address delivered at Ranchi University on 11 May 1963</i>	222
On His Seventieth Birthday [ <i>Man and His Work, Part II</i> , pp. 175–180] <i>Address given in Bengali at the Mahajati Sadan Auditorium, Calcutta on 1 January 1964</i>	229
The Krishnan Memorial Lecture, 1971 [ <i>Man and His Work, Part II</i> , pp. 188–195] <i>Lecture delivered at the National Physical Laboratory on 12 March 1971</i>	235
Education and the New Age [ <i>Man and His Work, Part II</i> , pp. 196–199] <i>Address delivered in Bengali at the Rabindra Bharati University on 10 May 1971</i>	243
At the Calcutta University Convocation 1973 [ <i>Man and His Work, Part II</i> , pp. 200–203] <i>Convocation address delivered in Bengali at Calcutta University on 16 June 1973</i>	247
Address at Seminar on Scientific Contributions of S. N. Bose [ <i>Man and His Work, Part II</i> , pp. 204–206] <i>Speech delivered at the Calcutta Mathematical Society on 29 December 1973</i>	251

## B. Miscellaneous Pieces

A Scientist's Apologia [ <i>Man and His Work, Part II</i> , pp. 219–223]	256
The Progress of Science in Ancient India [ <i>Man and His Work, Part II</i> , pp. 224–229]	261
The Early Phase of My Explorations in Science [ <i>Man and His Work, Part II</i> , pp. 244–249]	267
Einstein (1935) [ <i>Man and His Work, Part II</i> , pp. 279–284]	273
In the Company of Madame Curie [ <i>Man and His Work, Part II</i> , pp. 290–291]	279

## III. Historical Perspectives; Reflections

A Loss of Identity: The Birth of Quantum Statistics [ <i>'Subtle is the Lord' The Science and Life of Albert Einstein</i> (Clarendon Press, Oxford, 1982)] <i>A. Pais</i>	284
Bose Statistics: A Historical Perspective [ <i>The Man and His Work, Part I</i> , pp. 35–70] <i>P. Ghose</i>	296
Who Discovered the Bose–Einstein Statistics? [ <i>Symmetries in Physics (1600–1690)</i> ; <i>Proc. 1st Int. Meeting</i> , Saint Feliu de Guixoles, Catalonia, Spain (September 20–26, 1983) pp. 222–250] <i>S. Bergia</i>	332
Addendum <i>P. Ghose</i>	361
Nobel Lecture: Bose–Einstein Condensation in a Dilute Gas, the First 70 Years and Some Recent Experiments* [ <i>Rev. Mod. Phys.</i> <b>74</b> , 875 (2002)] <i>E. A. Cornell and C. E. Wieman</i>	369
Experimental Proof of the Spin of the Photon <i>C. V. Raman and S. Bhagavantam</i>	388
Evidence for the Spin of the Photon from Light Scattering <i>C. V. Raman and S. Bhagavantam</i>	398
S. N. Bose: The Man [ <i>Talk presented at a seminar on Albert Einstein, Dhaka, 30 May, 2005</i> ; <i>Proc. Bangladesh Academy of Sciences</i> ] <i>P. Ghose</i>	400
Satyendranath Bose: Co-Founder of Quantum Statistics [ <i>Am. J. Phys.</i> <b>40</b> , 1212 (1972)] <i>W. A. Blanpied</i>	414

---

Einstein and Bose [ <i>Einstein from 'B' to 'Z'</i> (Birkhäuser, 2002), pp. 519–538] <i>J. Stachel</i>	422
A Conversation with Satyendranath Bose about Five Decades Ago — Some Recollections [ <i>Current Science</i> <b>78</b> , pp. 636–638 (2000)] <i>S. Ramaseshan</i>	442
Satyen Bose in Berlin [ <i>The Physicist, Bulletin of the Bangladesh Physical Society</i> (1995), pp. 17–21] <i>P. Sinha</i>	445
Satyendra Nath Bose: Historical Notes and Reflections <i>E. C. G. Sudarshan</i>	457
Satyendra Nath Bose — Some Vignettes of a Many-sided Personality <i>D. N. Bose</i>	462
Contributors	467
