Part I. Option Pricing Theory and its Foundations	
Introduction	3
1. Approximate Option Valuation for Arbitrary Stochastic Processes <i>R. Jarrow and A. Rudd</i>	9
2. Arbitrage, Continuous Trading, and Margin Requirements <i>D. Heath and R. Jarrow</i>	33
3. Ex-Dividend Stock Price Behavior and Arbitrage Opportunities <i>D. Heath and R. Jarrow</i>	47
4. The Stop-Loss Start-Gain Paradox and Option Valuation: A New Decomposition into Intrinsic and Time Value <i>P. Carr and R. Jarrow</i>	61
5. Alternative Characterizations of American Put Options <i>P. Carr, R. Jarrow and R. Myneni</i>	85
6. Market Manipulation, Bubbles, Corners, and Short Squeezes <i>R. Jarrow</i>	105

7. Derivative Security Markets, Market Manipulation, and Option Pricing Theory	131
<i>R. Jarrow</i>	
8. Liquidity Risk and Arbitrage Pricing Theory	153
<i>U. Çetin, R. Jarrow and P. Protter</i>	
9. Pricing Options in an Extended Black-Scholes Economy with Illiquidity: Theory and Empirical Evidence	185
<i>U. Çetin, R. Jarrow, P. Protter and M. Warachka</i>	
Part II. Stochastic Interest Rates	
Introduction	225
10. Liquidity Premiums and the Expectations Hypothesis	229
<i>R. Jarrow</i>	
11. Forward Contracts and Futures Contracts	237
<i>R. Jarrow and G. Oldfield</i>	
12. The Pricing of Commodity Options with Stochastic Interest Rates	247
<i>R. Jarrow</i>	
13. Bond Pricing and the Term Structure of Interest Rates: A New Methodology for Contingent Claims Valuation	277
<i>D. Heath, R. Jarrow, and A. Morton</i>	
14. Pricing Foreign Currency Options Under Stochastic Interest Rates	307
<i>K. Amin and R. Jarrow</i>	
15. Pricing Options on Risky Assets in a Stochastic Interest Rate Economy	327
<i>K. Amin and R. Jarrow</i>	
16. Pricing Treasury Inflation Protected Securities and Related Derivatives Using an HJM Model	349
<i>R. Jarrow and Y. Yildirim</i>	

Part III. Credit Risk

Introduction	373
17. Pricing Derivatives on Financial Securities Subject to Credit Risk <i>R. Jarrow and S. Turnbull</i>	377
18. A Markov Model for the Term Structure of Credit Risk Spreads <i>R. Jarrow, D. Lando and S. Turnbull</i>	411
19. Default Risk and Diversification: Theory and Empirical Implications <i>R. Jarrow, D. Lando and F. Yu</i>	455
20. Counterparty Risk and the Pricing of Defaultable Securities <i>R. Jarrow and F. Yu</i>	481
21. Bankruptcy Prediction with Industry Effects <i>S. Chava and R. Jarrow</i>	517
22. Market Pricing of Deposit Insurance <i>D. Duffie, R. Jarrow, A. Purnanandam and W. Yang</i>	551
23. Modeling Credit Risk with Partial Information <i>U. Çetin, R. Jarrow, P. Protter and Y. Yildirim</i>	579
