

# CONTENTS

|   |      |
|---|------|
| Preface   | v    |
| Acronyms  | xiii |
| 1. Introduction   | 1    |
| 1.1. Economic Development in East Asia . . . . .                              | 1    |
| 1.2. The Role of Government in East Asia . . . . .                            | 3    |
| 1.3. Objectives and Methodology . . . . .                                     | 6    |
| 1.4. Organization of the Book . . . . .                                       | 8    |
| 2. Industrial Policies in Japan, Korea, and Taiwan                            | 9    |
| 2.1. Industrial Policy: Definition and Theoretical<br>Underpinnings . . . . . | 9    |
| 2.2. The Objectives of Industrial Policy . . . . .                            | 13   |
| 2.3. Instruments of Industrial Policy . . . . .                               | 13   |
| 2.3.1. Competition policy . . . . .   | 14   |
| 2.3.2. Trade policy . . . . .   | 16   |
| 2.3.3. Tax and financial sector policies . . . . .                            | 17   |
| 2.3.4. Labor market policies . . . . .  | 19   |
| 2.3.5. Technology policies . . . . .  | 20   |
| 2.3.6. Foreign investment policies . . . . .                                  | 22   |
| 2.4. Summary and Conclusion . . . . .   | 24   |
| 3. Industrial Policies in Singapore   | 27   |
| 3.1. Singapore Economy at a Glance . . . . .                                  | 27   |
| 3.2. Singapore's Industrial Policies: A Historical<br>Perspective . . . . .   | 33   |
| 3.2.1. Industrial policies before 1985 . . . . .                              | 33   |
| 3.2.2. Industrial policies after the recession . . . . .                      | 47   |

|  |     |
|--|-----|
| 3.3. Characteristics of Industrial Policies in Singapore . . . . .   | 52  |
| 3.3.1. Labor market policy . . . . .   | 53  |
| 3.3.2. Investment and tax policy . . . . .   | 55  |
| 3.3.3. Technology policy . . . . .   | 55  |
| 3.3.4. Foreign trade policy . . . . .  | 56  |
| 3.3.5. Foreign investment policy . . . . .   | 56  |
| 3.3.6. Regionalization . . . . .   | 57  |
| 3.3.7. Competition policy and promotion<br>of local firms . . . . .  | 62  |
| 3.4. Productivity-Specific Features of Industrial Policies<br>in Singapore . . . . .                       | 67  |
| 3.4.1. Improving the quality of the labor-force . . . . .  | 68  |
| 3.4.2. Productivity improvement through MNC – local<br>firm interaction . . . . .                          | 69  |
| 3.4.3. Indigenous technology development . . . . .   | 71  |
| 4. A Comparison of Industrial Policies in Singapore<br>with Those in Japan, Korea, and Taiwan . . . . .    | 75  |
| 4.1. Initial Conditions . . . . .  | 75  |
| 4.2. Characteristics of Governments . . . . .  | 79  |
| 4.3. Trade Policies . . . . .  | 82  |
| 4.4. Industrialization Paths . . . . .   | 84  |
| 4.5. Fiscal Incentives and Policy-Based Finance . . . . .  | 88  |
| 4.6. Foreign Elements . . . . .  | 91  |
| 4.7. Business Structures . . . . .   | 93  |
| 4.8. The Influence of International Political Economy . . . . .  | 96  |
| 5. Labor Productivity and Labor Reallocation:<br>The Singapore Case . . . . .                              | 99  |
| 5.1. Trends in Labor Productivity and Real Wages<br>in Singapore . . . . .                                 | 101 |
| 5.1.1. Description of data . . . . .   | 101 |
| 5.1.2. Trends in labor productivity and real wages . . . . .   | 109 |
| 5.2. The Impact of the Intersectoral Reallocation of Labor<br>on Labor Productivity: Methodology . . . . . | 120 |
| 5.3. Empirical Findings . . . . .  | 125 |

|  |     |
|--|-----|
| 5.4. Labor Productivity and Labor Market Policies:<br>A Policy Discussion . . . . .                                  | 131 |
| 6. Total Factor Productivity and Resource Reallocation . . . . .   | 135 |
| 6.1. Measurement of Total Factor Productivity Growth . . . . .   | 135 |
| 6.1.1. Translog index of labor . . . . .   | 137 |
| 6.1.2. Translog index of capital . . . . .   | 140 |
| 6.1.3. Translog index of productivity growth . . . . .   | 142 |
| 6.1.4. Description of data . . . . .   | 146 |
| 6.2. TFP Growth Estimates . . . . .  | 151 |
| 6.2.1. Previous studies on total factor productivity growth<br>and its sources . . . . .                             | 151 |
| 6.2.2. TFP growth estimates: Empirical findings . . . . .  | 156 |
| 6.2.3. Sensitivity analysis for TFP growth estimates . . . . .   | 160 |
| 6.3. The Impact of Resource Allocation on TFP Growth:<br>Methodology . . . . .                                       | 162 |
| 6.4. The Impact of Resource Allocation on TFP Growth:<br>Empirical Findings . . . . .                                | 166 |
| 6.5. TFP Growth: A Policy Discussion . . . . .   | 172 |
| 7. Productivity Growth and Resource Allocation:<br>An International Comparison of Singapore with East Asia . . . . . | 177 |
| 7.1. Sources of Data and Periodization . . . . .   | 178 |
| 7.2. Industry-Level Productivity Performances . . . . .  | 184 |
| 7.3. The Impact of Structural Change on Labor Productivity . . . . .   | 184 |
| 7.4. The Impact of Structural Changes on TFP Growth . . . . .  | 192 |
| 8. A CGE Model for the Singapore Economy . . . . .   | 199 |
| 8.1. An Overview of CGE Modeling . . . . .   | 200 |
| 8.2. Previous General Equilibrium Models of Singapore . . . . .  | 201 |
| 8.3. The Structure of the CGE Model of Singapore . . . . .   | 203 |
| 8.3.1. Production and factors block . . . . .  | 208 |
| 8.3.2. Imports and exports . . . . .   | 209 |
| 8.3.3. Prices block . . . . .  | 211 |
| 8.3.4. Demand block . . . . .  | 212 |
| 8.3.5. Savings–investment block . . . . .  | 216 |
| 8.3.6. Market clearing conditions and normalization . . . . .  | 217 |
| 8.4. Calibration of Model Parameters . . . . .   | 219 |

|  |     |
|--|-----|
| 8.5. The Dynamic Module . . . . .  | 221 |
| 8.6. 1995 Social Accounting Matrix for Singapore . . . . .   | 221 |
| 8.6.1. Macro-SAM . . . . .   | 223 |
| 8.6.2. Micro-SAM . . . . .   | 231 |
| 9. Policy Experiments for Japan, Korea, and Singapore . . . . .  | 233 |
| 9.1. The Structure of the Singapore Economy in 1995 . . . . .  | 233 |
| 9.2. Base-Run . . . . .  | 235 |
| 9.3. Policy Experiments . . . . .  | 239 |
| 9.3.1. Simulation 1: 10 percent increase<br>in the world price of electrical<br>and electronic machinery and equipment . . . . . | 239 |
| 9.3.2. Simulation 2: 2 percent TFP growth . . . . .  | 241 |
| 9.3.3. Simulation 3: Impacts of restricting<br>factor mobility . . . . .   | 251 |
| 9.3.4. Summary of results . . . . .  | 257 |
| 9.4. CGE Evaluation of Industrial Policies in Japan<br>and Korea . . . . .   | 259 |
| 9.4.1. Japan . . . . .   | 259 |
| 9.4.2. Korea . . . . .   | 265 |
| 9.5. A Summary of the Results from the CGE Analyses<br>of Industrial Policies in East Asia . . . . .                             | 269 |
| 10. Conclusion . . . . .   | 271 |
| Bibliography . . . . .   | 277 |
| Appendix: Translog Indices by Industry . . . . .   | 297 |
| Index . . . . .  | 327 |
