<i>Prologue</i>		xxiii
Part One	Clinical Presentations	1
Chapter 1	Prenatal Diagnosis of Urinary Tract Abnormalities <i>Philip Shlossman</i>	3
	Amniotic Fluid	3
	Normal Urinary Tract	4
	Abnormal Urinary Tract	7
	Summary	32
	Comment from the Editors	33
	Further Reading	33
Chapter 2	Urinary Tract Infections <i>Ricardo González and Barbara M. Ludwikowski</i>	37
	Bacterial Infections	37
	Viral Infections	51
	Parasitic Infections	52
	Further Reading	52
Chapter 3	Haematuria <i>Ahmad H. Bani-Hani</i>	55
	Definition	55
	Aetiology	57
	Renal Glomerular Disorders	58

	Renal Parenchymal Disorders	61
	Renal Collecting System Disorders	62
	Other Rare Disorders	64
	Evaluation	65
	Comment from the Editors	69
	Further Reading	69
Chapter 4	Abdominal, Flank, and Genital Pains and Masses of Genitourinary Origin <i>Ricardo González and Barbara M. Ludwikowski</i>	71
	Pain	71
	Abdominal and Flank Pains	71
	Bladder Pain	73
	Masses	74
Chapter 5	Urinary Incontinence <i>Julie Franc-Guimond</i>	77
	Definition	77
	General Considerations and Initial Assessment	78
	Conclusion	98
	Comment from the Editors	98
	Further Reading	99
Chapter 6	Urinary Retention <i>Ricardo González</i>	101
	Definitions	101
	Presentation	101
	Diagnosis	102
	Classification and Etiologies	102
Chapter 7	Acute Scrotal Pain <i>Ricardo González and Barbara M. Ludwikowski</i>	105
	Torsion of the Spermatic Cord	105
	Torsion of a Testicular Appendage	111

	Scrotal Involvement in Schönlein–Henoch Purpura and Idiopathic Scrotal Edema	112
	Acute Epididymitis	114
	Incarcerated Hernia	115
	Scrotal Trauma	116
	Varicocele	116
	Further Reading	116
Chapter 8	Painless Scrotal Swelling <i>Ricardo González and Barbara M. Ludwikowski</i>	119
	Hydrocele and Hernia	119
	Varicocele	123
	Tumors	128
	Neonatal Testicular Torsion	128
	Other Conditions	130
	Further Reading	130
Chapter 9	Male Genital Anomalies and Diseases <i>Ricardo González and Barbara M. Ludwikowski</i>	133
	Penis	133
	Scrotum (Excluding Pain and Swelling)	134
	Further Reading	152
Chapter 10	Genital Anomalies and Diseases in Girls <i>Ricardo González and Barbara M. Ludwikowski</i>	155
	Congenital Anomalies	155
	Acquired Diseases	155
	Persistent Urogenital Sinus With and Without Rectal Atresia	156
	Female Epispadias	161
	Clitoral and Labial Hypertrophy	163
	Congenital Interlabial Masses	163
	Müllerian Anomalies	163
	Interlabial Masses Outside the Newborn Period	166
	Vulvovaginitis	167

	Condyloma	168
	Foreign Bodies	169
	Fusion of the Labia Minora	169
	Further Reading	170
Chapter 11	Ambiguous Genitalia	173
	<i>Richard S. Hurwitz, Ricardo González, and Barbara M. Ludwikowski</i>	
	Definition	173
	Classification	174
	46, XX DSD, or Virilisation of an XX Individual	174
	46, XY DSD or Male Pseudohermaphrodite (Incomplete Virilisation of an XY Individual)	180
	Gonadal Dysgenesis	184
	Ovotesticular DSD or True Hermaphrodite	187
	Late Presentation of DSD	187
	Indications for Laparoscopy and Gonadal Biopsy	188
	Summary	188
	Further Reading	188
Chapter 12	Pediatric Genitourinary Trauma	189
	<i>Lisandro A. Piaggio</i>	
	Etiology	189
	Evaluation of Urinary Tract Trauma	190
	Blunt Renal Trauma	192
	Urethral Injuries	204
	Scrotal Trauma	207
	Penile Injuries	208
	Genital Lesions in Girls	208
	Comment from the Editors	209
	Further Reading	210
Chapter 13	Hypertension in Childhood	213
	<i>José Alberto Ramírez</i>	
	Introduction	213
	Diagnosis of HTN	214

	Epidemiology	215
	Diagnostic Approach	217
	Essential HTN	220
	Secondary HTN	220
	White-Coat HTN	220
	Severity of HTN	221
	Treatment of HTN	222
	Conclusions	225
	Comment from the Editors	225
	Further Reading	225
Part Two	Common or Unique Conditions	227
Chapter 14	Ureteral Obstruction	229
	<i>Miguel A. Castellán</i>	
	Ureteropelvic Junction Obstruction	229
	Primary Obstructive Megaureter (POM)	240
	Single System Ureteroceles	245
	Midureteral Obstruction	246
	Comment from the Editors	247
	Further Reading	248
Chapter 15	Duplication Anomalies and Ureterocele	251
	<i>Barbara M. Ludwikowski and Ricardo González</i>	
	Vesicoureteral Reflux	253
	Ureteropelvic Junction Obstruction	253
	Ureterocele	254
	Ectopic Ureter with Duplication	260
	Further Reading	263
Chapter 16	Vesicoureteral Reflux	265
	<i>Maria J. Martínez Urrutia, Pedro López Pereira, and Enrique Jaureguizar Monereo</i>	
	Definition	265
	Epidemiology	265

	Pathophysiology and Anatomy	266
	Types	268
	Presentation	269
	Diagnostic Methods	269
	Medical and Surgical Management	274
	Comment from the Editors	282
	Further Reading	283
Chapter 17	Urethral Obstruction	287
	<i>Miguel L. Podesta</i>	
	Posterior Urethral Valves	287
	Other Urethral Anomalies	296
	Anterior Urethral Valves	297
	Anterior Urethral Diverticula	298
	Cysts of the Ducts of Cowper's Glands (Syringoceles)	300
	Comment from the Editors	300
	Further Reading	301
Chapter 18	Undescended Testes and Development of the Testes	303
	<i>Manuel García Mérida and Carlos Miguélez Lago</i>	
	Introduction	303
	Epidemiology	304
	Classification and Terminology	305
	Aetiology	306
	Embryology	307
	Testicular Maturation	308
	Diagnosis	309
	Treatment	311
	Results of Surgery and Prognosis	315
	Comment from the Editors	315
	Further Reading	316

Chapter 19	Hypospadias	319
	<i>Daniel M. Weber</i>	
	Definition, Classification, and Incidence	319
	Clinical Relevance of Hypospadias	321
	Aetiology	322
	Diagnostic Methods	323
	Surgical Management	323
	Comment from the Editors	336
	Further Reading	337
Chapter 20	Urogenital Tumors in Children	339
	<i>Francisco I. P. deBadiola and Pablo A. Lobos</i>	
	Introduction	339
	Clinical Presentation of Pediatric Genitourinary Tumors	339
	Renal Tumors	342
	Summary	372
	Comment from the Editors	372
	Further Reading	373
Chapter 21	Neuropathic Bladder	375
	<i>Maya Horst</i>	
	Definition	375
	Etiology	375
	Neuroanatomy and Physiology of the bladder	376
	Pathophysiology	379
	Diagnostic Methods	381
	Management	383
	Medical Treatment	385
	Surgical Management	387
	External Urethral Sphincter Dilatation	391
	Continent Catheterizable Stomas	391
	Vesicostomy	391

	Incontinence Surgery	392
	Management of VUR	393
	Latex Sensitization and Allergy	394
	Conclusion	394
	Comment from the Editors	395
	Further Reading	395
Chapter 22	Urolithiasis in Children	399
	<i>Erica J. Traxel and Paul H. Noh</i>	
	Definition of the Disease	399
	Aetiology	399
	Presentation	401
	Diagnostic Methods	403
	Medical and Surgical Managements	406
	Prognosis and Long-Term Complications	419
	Current Controversies	420
	Comment from the Editors	420
	Further Reading	421
Chapter 23	Bladder Exstrophy	423
	<i>Rita Gobet</i>	
	Definition	423
	Aetiology	426
	Presentation	426
	Diagnostic Methods	426
	Medical and Surgical Management	426
	Prognosis and Long-Term Complications	429
	Current Controversies	429
	Comment from the Editors	430
	Further Reading	430
Chapter 24	Urethral Obstruction Sequence or Prune Belly Syndrome	431
	<i>Ricardo González</i>	
	Definition	431
	Pathogenesis	431

Presentation	433
Diagnostic Studies	433
Management	436
Long-Term Outcome	437
Summary	437
Further Reading	437
Chapter 25 Acute and Chronic Renal Failure	439
<i>José Alberto Ramírez</i>	
Acute Renal Failure	439
Chronic Renal Failure in Children	450
Long-Term Outcome	486
Comment from the Editors	486
<i>Index</i>	487
