Contents

Preface ix

Chapter 1 Analysis of Branchiomotor Neuron Migration in the Zebrafish 1
Petra Stockinger and Carl-Philipp Heisenberg

Introduction 2
Imaging of FBMN Migration *In Vivo* 5
Outlook 11
Acknowledgments 13
References 13

Chapter 2 Imaging the Nervous System: Insights Into Central and Peripheral Glia Development 17
Sarah Kucenas and Bruce Appel

Introduction 18
Central and Peripheral Nervous System Development 18
In Vivo Imaging 20
Central Nervous System 21
Peripheral Nervous System 25
Conclusions 30
References 31

Chapter 3	Imaging the Cell Biology of Neuronal Migration in Zebrafish *Martin Distel, Jennifer Hocking and Reinhard W. Köster*	35
	Introduction	36
	Neuronal Migration	37
	Advances in Technology	43
	Cell Biology of Neuronal Migration: More Questions Than Answers	55
	Conclusions	62
	Acknowledgments	63
	References	63
Chapter 4	Applications of Fluorescence Correlation Spectroscopy in Living Zebrafish Embryos *Xianke Shi, Yong Hwee Foo, Vladimir Korzh, Sohail Ahmed and Thorsten Wohland*	69
	Introduction	70
	Introduction to FCS	72
	Application of FCS in Zebrafish Embryos	83
	Conclusion	95
	References	96
Chapter 5	Real-Time Imaging of Lipid Metabolism in Larval Zebrafish *Juliana D. Carten and Steven A. Farber*	105
	Introduction	106
	The Clinical Importance of Lipid Therapeutics	106
	Limitations of *In Vitro* Lipid Metabolism Studies	107
	Zebrafish as Models of Human Physiology and Disease	108
	Lipid Metabolism is Conserved in Zebrafish	108
	Dietary Lipid Metabolism in Zebrafish	109
	Real-Time Imaging of Intestinal Lipid Metabolism: Fluorescent Reporters	112

	Fluorescent Microspheres	114
	Triple Screening: PED6, EnzChek, and Microspheres	115
	Concluding Thoughts	119
	Acknowledgments	120
	Financial Disclosure	121
	References	121
Chapter 6	Live Imaging Innate Immune Cell Behavior During Normal Development, Wound Healing and Infection *Chris Hall, Maria Vega Flores, Makoto Kamei, Kathryn Crosier and Phil Crosier*	129
	Introduction	130
	Mounting Strategies for Live Imaging	132
	Investigating the Physiological Behaviors of Myeloid Leukocytes During Normal Development	134
	Live Imaging the Response of Myeloid Leukocytes to Wounding	137
	Live Imaging the Leukocytic Response to Bacterial Infection	142
	Acknowledgments	144
	References	144
